Shaping Things - Livros na Amazon Brasil- 9780262195331

Bruce Sterling's numerous book-length essays both question and promote how the future is shaping our concepts of self, time, and space. In Shaping Things (2005), he offers a history of shaped objects, moving from the most rudimentary hand-made artifacts through to the complex machinery which defines our current existence.

Bruce Sterling | The MIT Press

In his 2005 book Shaping Things, he coined the term design fiction which refers to a type of speculative design which focuses on world building. In July 1989, in SF Eye #5, he was the first to use the word "slipstream" to refer to a type of speculative fiction between traditional science fiction and fantasy and mainstream literature.
