How to Write a Mini Literature Review A literature review is a piece of discursive prose, not a list describing or summarizing one piece of literature after another.

in experiments involving the measurement of a length try to use lengths that are at least 100 mm in length you can measure to the nearest mm with a rule, or perhaps 0.5 mm when measuring heights ensure that the rule is held perpendicular to the base know how to arrange apparatus so that it is parallel or perpendicular to a bench know how to arrange a set square either side of a cylinder/sphere

Word relations •A fundamental insight of morphology is that words with related forms tend (in a systematic way) to have related meanings. Thus, •Word forms like walk and walks are related by virtue of the lexeme WALK: V ? V-s •Word forms like walking and running are related via the su?x -ing: V-ing •Word forms like houses and moose inhabit the same slot
